Response to

Application:

study/Research Objective (Attach both essays in 1 document)

ESSAY 1 - WRITE CLEAR AND DETAILED DESCRIPTION OF YOUR STUDY OBJECTIVES, and give your reasons to pursue them in the U.S. Be specific about your major field and your specialized interests within this field. Describe the kind of program you expect to undertake, and explain how your study plan fits in with your previous training and your future objectives. Your statement is an essential part of your application. Unclear, incomplete or impractical proposals can result in your being referred to a university not suited to your scholastic needs, or not being accepted by any university. **DO NOT** name specific universities at which you would like to study.

ESSAY 2 - Personal Statement

This Curriculum Vitae should be a narrative statement concerning your professional, academic and future plans. It should not be a mere listing of the facts. It should include information about your education, practical experience, special interests, career plans, and your purpose in applying for study in the U.S. Describe any significant factors that have influenced your educational or professional development. Advanced students should comment on the number of years of practical experience already completed in the field in which academic work will be done in the U.S. and describe briefly the most advanced courses already pursued in their field of study. **(Do not mention specific U.S. Institutions in your Curriculum Vitae.)**
